

Tatu-gigante (Glyptodon)

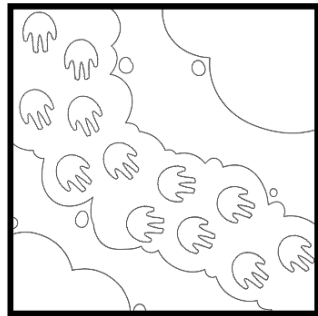

Dificuldade: Fácil

Folhas: 3 (incluso: Base, Peça, Instruções)

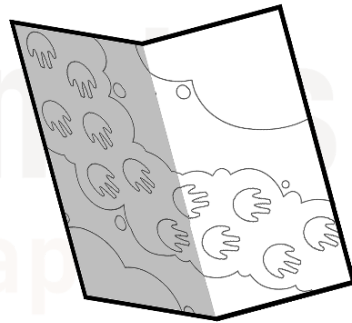

1. Dobre a página do cenário ao meio e pinte como preferir
2. Peça a ajuda de um adulto ou responsável para recortar a peça separada (incluso: 1 glyptodon)
3. Pinte o tatu-gigante avulso como preferir
4. Dobre as bordas pretas para trás e passe cola para que se fixem no papel
5. Cole as patas na posição indicada pela linha
6. Feche o livreto
7. Abra para uma surpresa!

EXTRA: Imprima também a folha avulsa de "Flora", decore o cenário da sua megafauna com folhas e plantas pintadas!

Instrução de dobraduras:

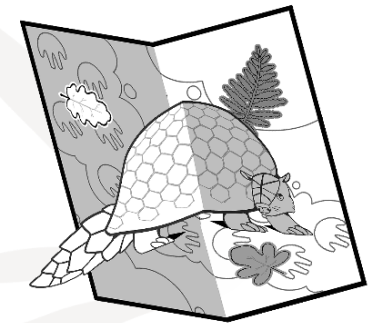

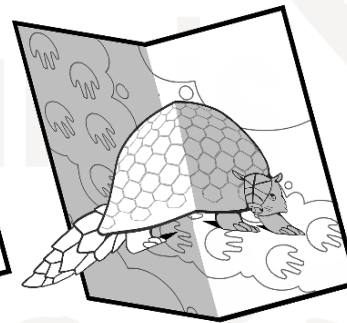

Pinte

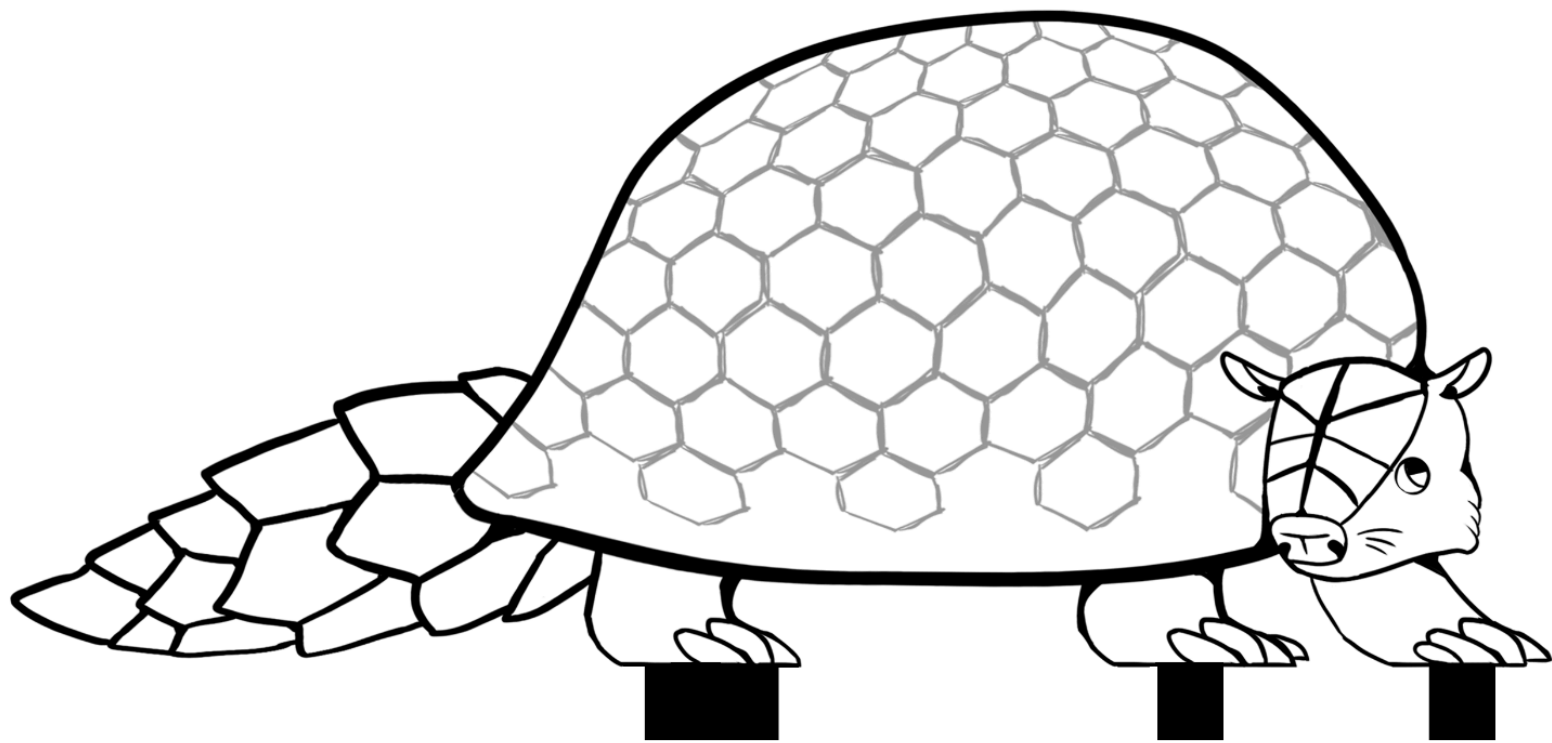

Dobre ao meio

Aplique cola

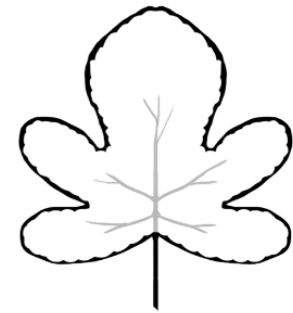

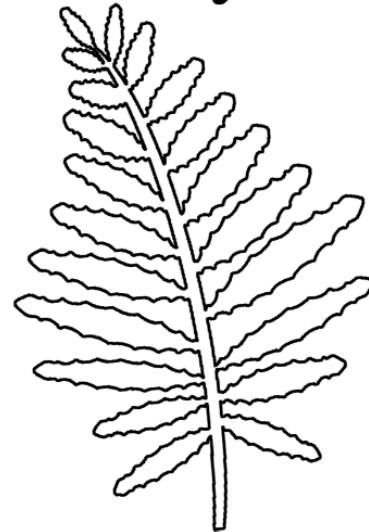

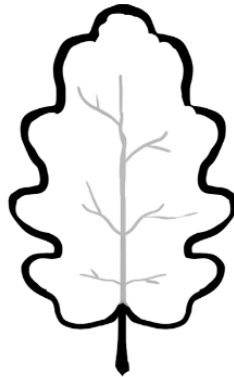

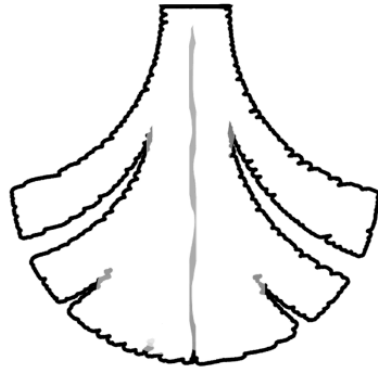

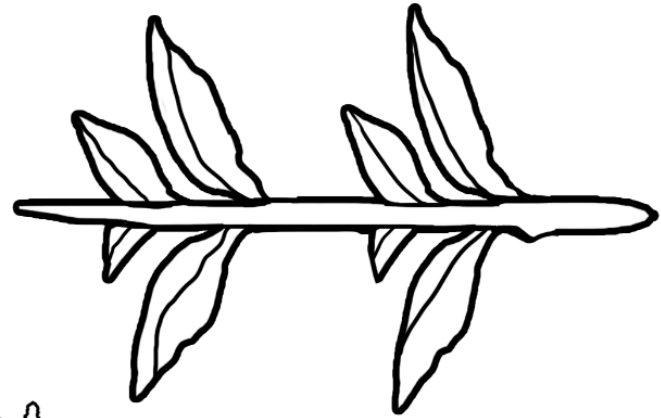

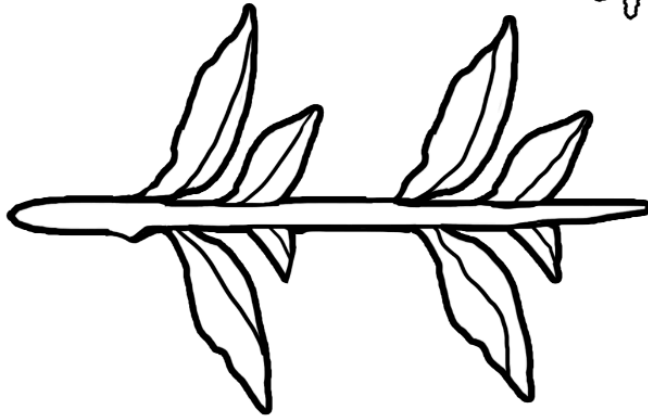

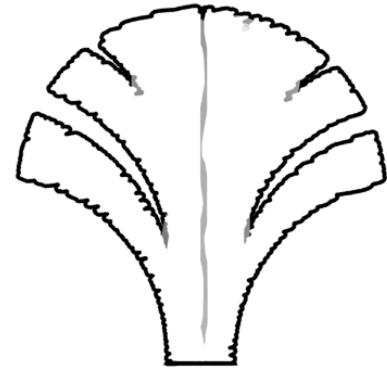

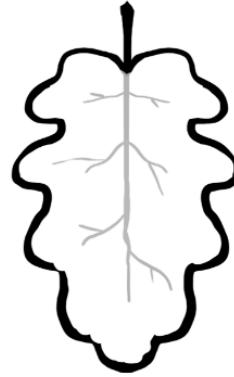

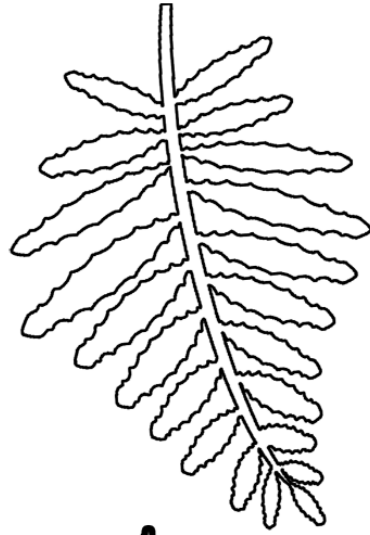

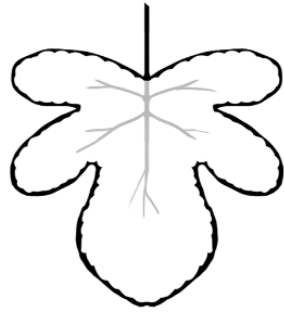

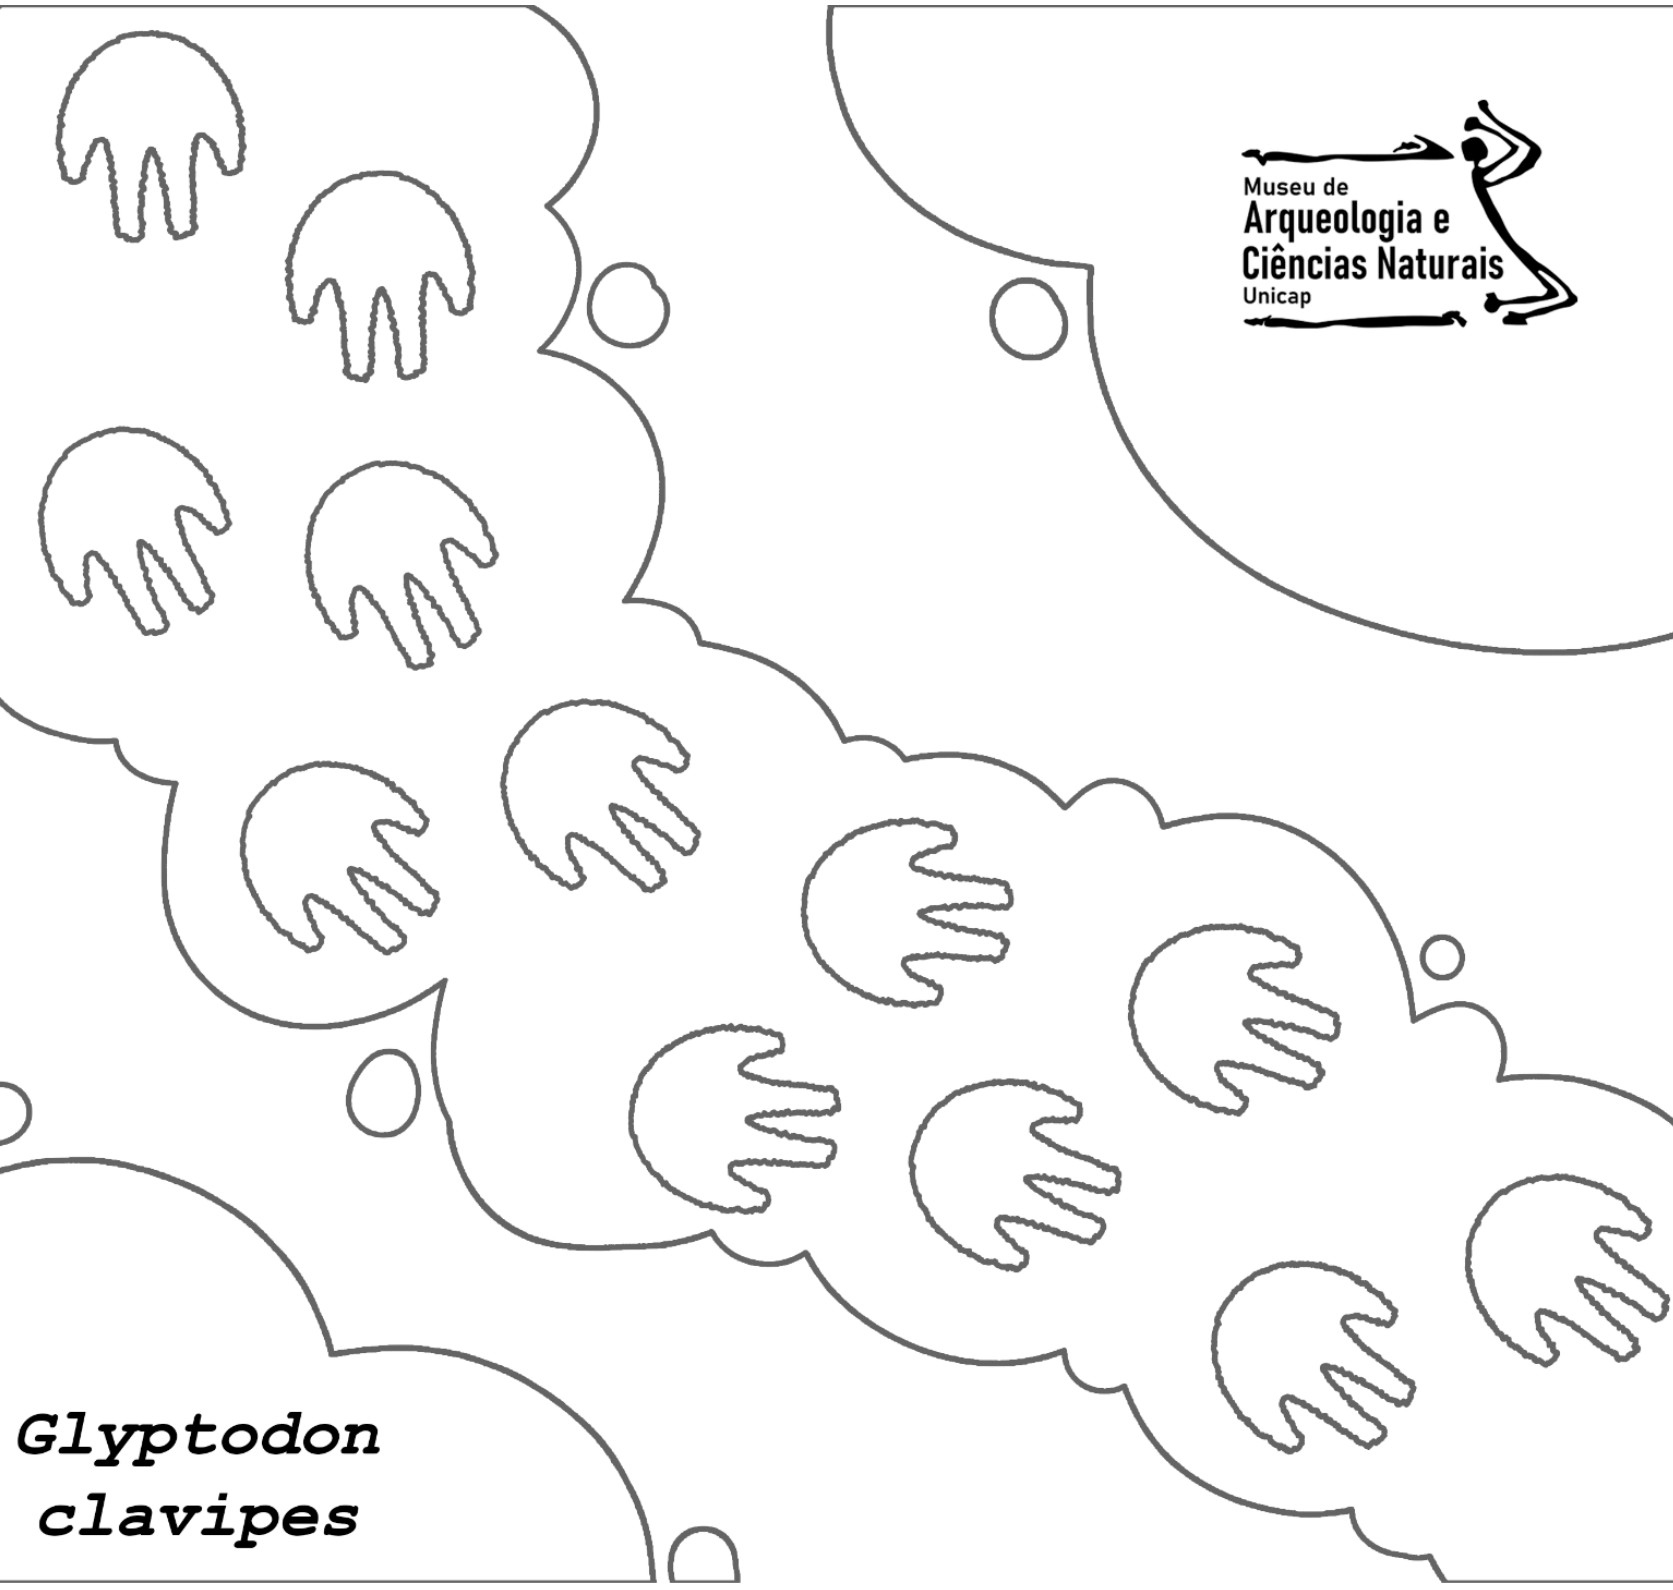

Finalize e decore!
